Operating statistics for January 2024

February 8, 2024 - LATAM group reported today its operating statistics for January 2024, reaching more than 7 million passengers transported, which represents an 18.5% increase compared to the same month of last year.

This result is mainly explained by the recovery of the international segment, which recorded 32.7% growth in passengers transported, driven by the high season in South America. In the domestic markets of the affiliates in Chile, Colombia, Ecuador and Peru this figure grew 29.9% and it grew 4.9% in the domestic market of the affiliate in Brazil.

LATAM group increased its consolidated capacity, measured in available seats - kilometers (ASK), by 13.9% compared to January 2023. In particular, international operations grew 22.3% and domestic operations in Chile, Colombia, Peru and Ecuador grew 18.8%.

Consolidated passenger traffic, measured in revenue - passenger kilometers (RPK), increased by 20.2% compared to the same month of 2023, mainly driven by an increase of 32.5% in international demand and by an increase of 24.2% in the demand in domestic markets of Chile, Colombia, Peru and Ecuador.

In the first month of the year, LATAM group reported a consolidated passenger load factor of 85.6%, 4.5 percentage points higher than January 2023, mainly explained by a 6.8 percentage point improvement in the international load factor.

Finally, in January the cargo capacity, measured in available tons - kilometers (ATK), reached 659 million, which represents an increase of 11.1% of capacity compared to the same period of the previous year.
